# **Afghan Admission Programme** Application Form

# IMPORTANT NOTICES

## Instructions: how to submit an application

### What supports are available?

We strongly recommend that you download and print off the guidance document and detailed checklist that accompanies this Application Form and keep them to hand while completing this Form.

**Incomplete Application Forms will be deemed ineligible.** 

It will help to print the checklist separately and to check each item off as you complete this form.

In addition to the guidance and checklist document, the webpage will be updated to provide additional information including a frequently asked questions (FAQ) document. The final version of which will be available on the website by 15/2/2022 Accordingly, it's advisable that applicants do not submit applications in advance of the FAQ document issuing.

### Who should use this Form?

A person originally from Afghanistan legally resident in Ireland on or before 1st September 2021, and who holds a permission as set out in the guidance document, or a Naturalised Irish Citizen (previously from Afghanistan) who wants to submit an application under the Afghan Admission Programme to bring family members who are living in Afghanistan or in certain neighbouring countries to live with them in Ireland.

The eligible neighbouring countries are: Iran, Pakistan, Turkmenistan, Uzbekistan and Tajikistan.

### Submission of completed Form?

The application Form is available from the Department of Justice website. It is the only accepted Form format and must not be altered in any way. A number of questions require end of year 2021 information.

As noted above, proposers are advised that it is in their best interests to await the publication of the final FAQ document before submitting completed applications.

### **Data Protection**

As part of the application process, information is collected at first instance for the purpose of the application and the admission of proposed beneficiaries to the State. This is covered under Article 6(1) (e) of the GDPR. Data collected for one purpose may be processed for a different purpose where that purpose falls within section 41 of the Data Protection Act 2018.

### National Security

The situation in Afghanistan is such that national security concerns may arise. The information collected from the Proposer is for the purpose of the Afghan Admission Programme, but central to that is the information related to "Good Character" where questions are asked about any criminal conduct and involvement in terrorism.

The proposers and their proposed beneficiaries are advised that information will be shared with An Garda Síochána (police) and state security services and, therefore, the data subjects are on notice that the information may be further processed by security services in relation to criminal and other conduct of concern, including terrorism.

Involvement in war crimes, crimes against humanity and participation in, or support for, terrorist related activities will result in exclusion from the Programme.

### **Anti-fraud Measures**

Giving false or misleading information will result in an application being refused or the revocation of any permissions granted on foot of that application.

Additionally, the Department retains the right to refer instances of possible fraud to An Garda Síochána for investigation.

#### Eligibility

Eligibility to apply for this Programme does not guarantee that your application will be successful.
